

MONTHLY TUITION

When your six or two week trial session is over, you will need to renew your membership. You can do this at anytime. Simply talk to someone at the front counter and they can get you set up.

At MPNinjas there are no contracts, EVER. There are also no registration fees. We have many families that train together so we try to make it as cost efficient for big families to all take class. The rates for you and your family are listed below:

One Ninja: \$110/month

2nd Family Member: \$165/month

\$55/month for each additional family member

Must all live in the same house

If you need to take a break for any reason, we will never charge you for time that you are not here. We will also never increase your monthly tuition rates as long as you don't suspend your membership. However, if you take a break from our program or suspend your membership, you will pay the current rates listed above when you return.

NO CONTRACTS

**UNLIMITED CLASS
ATTENDANCE**
